How To Write The Date How to Write Dates Method 1 of 3: Following Dialectical Standards. List the month before the day in American English. This format, used in... 3 Ways to Write Dates wikiHow When referring to a specific date in the month-day date format, use cardinal numbers (one, two, three) rather than ordinal numbers (first, second, third). This may feel counterintuitive because we normally use ordinal numbers when we "speak" of dates. For example, one would say January first two thousand seventeen but write January 1, 2017. How to Write Dates Correctly | Grammarly One of the most challenging aspects of writing the date is knowing whether

you should use a comma. It all depends on the format. In the month-first format used in America, use a comma after the day and before the year: January 4, 2005. In the day-first format used in Europe, you don't need to use a comma. How to Formally Write the Date -

YourDictionary.com Sometimes, a date is written in numerical form, like this: 6/28/15 or 6/28/2015 (month/date/year). Note that the month is replaced by a number (see the chart below) and sometimes only the last two digits of the year appear. Note that in some countries, the month and day are reversed in all of these formats. Abbreviations Used When Writing a Date Writing a Date (US format) - EnchantedLearning.com The

numerical formats may use a full

stop (.) or hyphen (-) instead of a slash (/), for example: 14.3.2016 or 03-14-16. Note that another format exists which writes the date numerically in the order Year-Month-Day, for example: 2016/03/14. Writing the Date | Vocabulary | EnglishClub In formal writing, always write the date in full when it is part of a sentence.
