book Before we delve deeper into what constitutes a
“DEA-compliant” logbook, remember this statement:
“Each registrant who maintains an inventory of
controlled substances must maintain a complete and

accurate record of the controlled substances on hand and the date that the inventory was conducted.” DEA compliance - AAHA A continuous general inventory is required to track acquisitions, current on-hand stocks, administration, transfers to usage logs, transfers to other registrants/licenseses, and transfers of substances for disposal. A separate general inventory log should be created for each stock of drug and its associated strength or container size. Records and Inventory | Environmental Health & Safety ...
