... Description This course focuses on dynamic optimization methods, both in discrete and in continuous time. We approach these problems from a dynamic programming and optimal control perspective. We also study the dynamic systems that come from the solutions to these problems. Syllabus | Dynamic Optimization Methods with Applications ... In fact, as related in Kamien & Schwartz (1991), the original motivation for creating dynamic optimization theory was to enable solution of the famous brachistochrone problem of John Bernoulli in 1696.
