The 9th edition of the gold standard in pediatric cardiology offers up-to-date, comprehensive coverage of this challenging and rapidly changing field. Moss & Adams' Heart Disease in Infants, Children, and ... Moss and Adams' Heart Disease in Infants, Children, and Adolescents Including the Fetus and Young Adult is a longstanding and venerable resource for pediatric cardiology and congenital heart disease information. The new sixth edition arrived attractively and efficiently packaged in 2 volumes, and I placed it alongside the fifth edition, which was published in 1995, to help highlight the differences and the improved, updated sections. Moss and Adams' Heart Disease in Infants, Children, and ... Six years have passed since the last edition of Moss and Adams, one of the classic pediatric cardiology texts, which has now been with us since its first edition in 1968. The new fifth edition shows, as expected, multiple changes. The title of the text has changed slightly, stressing that congenital heart disease now ranges
