basic comprehensive treatment of the major electrical engineering problems associated with the design and operation of electric... Power System Analysis - Charles A. Gross - Google Books I consider this book on par with Stevenson's Power Systems Analysis book in that it is not cluttered with mathematical manipulation. While no one can argue that computers play a bigger role in power systems computation today than they did even 10 years ago, many of the other books on my book shelf collect dust because Gross's book takes the ...
